### Big & Lil Reveal

By: Kate Gabor

Sigma Kappa's newest members received their big sisters on March 26 in an exciting way traditional to the Kappa Xi chapter. Each big sister wrapped yarn throughout the house, connecting gifts along the way. Later that night, each little sister followed their piece of yarn until they reached the end, where their new big sister was waiting.

This reveal was similar to the one during Fall 2008, except yarn was only twisted around the basement of the Kappa Xi house. This semester's reveal was slightly more difficult, as yarn transformed the entire house into an obstacle course.

"We tricked her all week long, and she didn't know who her big was," member Alli Cernoch said about her new little sister Tayler Cummings. "It was really exciting when she came into the room - we threw confetti on her."

Afterwards, little sisters were taken out to dinner or to ice cream by their new big sisters and Sigma Kappa families.

# Ladies Luncheon

# As the school year comes to an end...

**By: Georgi Gaitan**

On Sunday, April 18, Kappa Xi held a Ladies Luncheon for all the members and their mothers and/or other female relatives including grandmothers, sisters, and aunts. With over 50 women in attendance, we took advantage of the beautiful day here in Reno and had a lovely set up outside.

In honor of the new season, decorations consisted of fun and vibrant spring colors. O'dourve were served followed by a light lunch that was prepared by the house cook, Angel.

After lunch, the ladies went to Playful Potter, a do-your-own pottery shop, to unleash their artistic talent through decorating pottery. Each and every family found out that they were a little more artistic than they originally thought.

We would like to thank everyone who was able to attend the event. It was a beautiful afternoon filled with good food, fun and great company. We hope to see you all and everyone else at next year's event!

Where has the time gone? Another semester is rapidly approaching its end, and we are all busy getting ready for those dreaded final exams and projects.

This semester, as well as this year, has been packed full with new and exciting things for the Kappa Xi chapter. We got our house and had an amazing recruitment. We tried a new philanthropy which was a larger success than any of us could have imagined. But most of all, we had one more year as sisters. This was one more year to get closer to one another and one more year to find out just what it is that connects all of us in such a close way.

I would like to personally thank each and every parent for all of your continued support and guidance to each and every one of us as we make our way through college. I am honored to be able to call each of your daughters my sister and I have thoroughly enjoyed meeting many of you. I am so excited to see what next semester holds for all of us.

I hope that all of you have a great summer. Until September...
